

Amendments to the Drawings:

Please replace the drawing sheet containing originally filed Fig. 21 with the enclosed replacement sheet containing Fig. 21.

Remarks

Applicant submits one (1) replacement sheet of drawings for filing in the above-identified U.S. patent application. The only change made on the submitted replacement sheet is that Fig. 21 has been modified to include the reference numeral 136 on the adapter bracket, so that the amendment is limited to the correction of informalities set forth in the Notice. An annotated sheet has not been presented, as it is not believed to be necessary for explanation of the replacement sheet. No new matter is added by this replacement sheet. Please cancel the drawing sheet showing Fig. 21 that was previously filed in this application.

As the issue fee has already been paid, it is submitted that all outstanding requirements have now been met and the application should proceed to issue.

Respectfully submitted,

Donald A. Schurr
